# 120Hz refresh rate Smoother and quicker

SGS-certified, high-speed 120Hz refresh rate gives you a smoother gaming and viewing experience. 240Hz touch sampling ensures every moment gets counted.

# Super resolution touch

## 10 times more precision

A huge 10-times precision improvement gives touch control better accuracy than ever, for better game control and a smoother experience.

A woman with curly hair is shown in profile, looking at her smartphone. The scene is dimly lit, with a warm glow from the phone's screen illuminating her face and hair. The background is dark and out of focus. The text is overlaid on the right side of the image.

## Low blue light display Easier on the eyes.

The carefully calibrated display effectively reduces blue light and protects your eyes for lasting comfort.

# Compact Yet powerful

Extremely lightweight and thin, POCO X5 5G is equipped with a large 5000mAh battery, bringing high-performance and durability in a sleeker form.

Weight **189g** | Thickness **7.98mm**

**5000mAh (typ)  
battery**

**Yet thin and  
flyweight design**

The extra-large capacity 5000mAh battery perfectly fits the compact design of POCO X5 5G, giving long-lasting, reliable use\*. Enjoy life to the max with a full charge!

**20 hours**  
of call time

**13 hours**  
of video recording (1080p)

**21 hours**  
of video playback

**192 hours**  
of music listening

**33W fast charging**

**Full charge in a snap**

The MMT technology shortens the charging path, leading to a buffed 33W fast charging until the battery is full of life!

# Snapdragon® 695

## Full of power

Built on TSMC's 6nm process and a new architecture, coupled with Cortex-A78, the Snapdragon® 695 delivers superior performance to meet your everyday needs.

# New 5G

## Roam the world

The more advanced 5G gigabit network supports a variety of frequencies and modes, including sub-6GHz and SA and NSA modes, meaning faster 5G networks anywhere, anytime.

### Up to 2.5Gbps\*

Download speeds

5G

The image features the letters '5G' in a large, bold, 3D font with a metallic gold finish. The letters are set against a dark background with horizontal streaks of light, suggesting speed and motion. The '5' and 'G' are the primary focus, with smaller, fainter versions of the same letters appearing in the background to create a sense of depth and movement.

# 48MP AI triple camera All-in-one camera system

The 48MP ultra-HD AI triple camera system with outstanding colour and image optimisation easily handles various shooting scenarios to help bring your work to life.
